SHAKE WELL BEFORE USING • AGITE BIEN ANTES DE USAR

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STOP READ ENTIRE LABEL BEFORE EACH USE.

GENERAL PRECAUTIONS AND RESTRICTIONS:

Do not apply this product in a manner that will contact adults, children or pets either directly or through drift. • Avoid contamination of food or feedstuffs. • For use only when building has been vacated by human beings and pets. • Wait two hours after application, then open windows, vents and doors for two hours. If an odor is still detectable, additional ventilation is required.

To Use This Product Correctly:

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. ***Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.*** Do not use in a room 5 ft X 5 ft or smaller; instead, allow fog to enter from other rooms. ***Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).*** Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG • In the home, do not apply when food is present. Exposed food should be covered or removed. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use. • Close outside doors and windows. Shut off fans, air conditioners and ventilation equipment. Put out all flames, pilot lights and other ignition sources. Call your gas utility or management company if you need assistance. • Remove pets and birds, cover and turn off fish aquariums before activating fogger. • Place a chair, small table or stand in the center of the room to be treated and cover with newspaper. • Cover wood floors and wood furniture in the immediate area around fogger with newspapers or a drop cloth. Open cabinets, cupboards, drawers, closets and doors in areas to be treated. • Use only one canister of fogger to treat a room up to 16 ft x 16 ft with an 8 ft ceiling or 2,000 cubic feet of unobstructed space. • For best results, treat all infested areas. • Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for two hours. SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.

TO START FOGGING • Point fogger away from face and eyes when releasing (container sprays straight up). To lock valve in open position for automatic discharge, press valve button down firmly, until it snaps into place. Then place the fogger on the stand or table in the center of the room. • **Vacate the treated house, individual apartment unit or other structure immediately.** Do not remain in the area during treatment. Keep treated area closed for two hours. **DO NOT RE-ENTER FOR TWO HOURS.**

AIRING OUT • Wait two hours after application, then open windows, vents and doors for two hours. If an odor is still detectable, additional ventilation is required.

For more effective control of storage pests and cockroaches, open all cupboard doors and drawers for better penetration of fog. Remove all infested foodstuffs and dispose of in outdoor trash.

For flea and tick control, thoroughly vacuum all carpeting and upholstered furniture, along baseboards, under furniture and in closets. Put vacuum bag into a sack and dispose of in outside trash. Mop all hard floor surfaces.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food. **Pesticide Disposal and Container Handling:** Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container. • **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if absorbed through skin. Breathing spray mist may be harmful. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID

IF ON SKIN OR CLOTHING • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-800-917-5431.

NOTE TO PHYSICIAN: Contains petroleum distillates — vomiting may cause aspiration pneumonia.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. This product contains a highly flammable ingredient. It may cause a fire or explosion if not used properly. Follow the Directions for Use on this label very carefully.

Highly Flammable Ingredient
Ingrediente Altamente Inflamable

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

STOP **READ ENTIRE LABEL BEFORE EACH USE.**

GENERAL PRECAUTIONS AND RESTRICTIONS:

Do not apply this product in a manner that will contact adults, children or pets either directly or through drift.

Avoid contamination of food or feedstuffs.

For use only when building has been vacated by human beings and pets.

Wait two hours after application, then open windows, vents and doors for two hours. If an odor is still detectable, additional ventilation is required.

To Use This Product Correctly:

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. ***Use of a fogger in an enclosed space may cause the product to explode, resulting in injury to people or damage to property.*** Do not use in a room 5 ft X 5 ft or smaller; instead, allow fog to enter from other rooms. ***Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.).*** Call your gas utility or management company if you need assistance with your pilot lights.

BEFORE YOU FOG:

In the home, do not apply when food is present. Exposed food should be covered or removed. All food-preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.

Close outside doors and windows. Shut off fans, air conditioners and ventilation equipment. Put out all flames, pilot lights and other ignition sources. Call your gas utility or management company if you need assistance.

Remove pets and birds, cover and turn off fish aquariums before activating fogger.

Place a chair, small table or stand in the center of the room to be treated and cover with newspaper.

Cover wood floors and wood furniture in the immediate area around fogger with newspapers or a drop cloth. Open cabinets, cupboards, drawers, closets and doors in areas to be treated.

Use only one canister of fogger to treat a room up to 16 ft x 16 ft with an 8 ft ceiling or 2,000 cubic feet of unobstructed space.

For best results, treat all infested areas.

Fill out and place hang-tag on the door to the treated area to alert family and others with access to the treated area not to enter for two hours.

SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.

TO START FOGGING:

Point fogger away from face and eyes when releasing (container sprays straight up). To lock valve in open position for automatic discharge, press valve button down firmly, until it snaps into place. Then place the fogger on the stand or table in the center of the room.

Vacate the treated house, individual apartment unit or other structure immediately. Do not remain in the area during treatment. Keep treated area closed for two hours.

DO NOT RE-ENTER FOR TWO HOURS.

AIRING OUT:

Wait two hours after application, then open windows, vents and doors for two hours. If an odor is still detectable, additional ventilation is required.

For more effective control of storage pests and cockroaches, open all cupboard doors and drawers for better penetration of fog. Remove all infested foodstuffs and dispose of in outdoor trash.

For flea and tick control, thoroughly vacuum all carpeting and upholstered furniture, along baseboards, under furniture and in closets. Put vacuum bag into a sack and dispose of in outside trash. Mop all hard floor surfaces.

MODO DE EMPLEO

Se considera una violación a la ley federal usar este producto de una manera que no sea la indicada en la etiqueta.

ALTO LEA TODA LA ETIQUETA ANTES DE CADA USO.

PRECAUCIONES Y RESTRICCIONES GENERALES:

No aplique este producto de modo que entre en contacto con adultos, niños o mascotas, ya sea directamente o por arrastre.

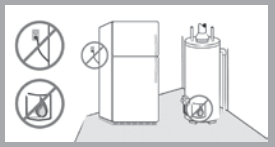
Evite contaminar los alimentos de las personas y los animales.

Para usar solo cuando el edificio haya sido evacuado y no haya personas ni mascotas.

Espere dos horas después de la aplicación y abra las ventanas, los respiraderos y las puertas por dos horas más. Si se detecta algún olor, se requiere ventilación adicional.

Cómo usar este producto correctamente:

NO use más de un nebulizador por habitación. NO lo use en espacios pequeños y cerrados, como clósets y gabinetes, ni debajo de cubiertas de cocina ni mesas. ***El uso de un nebulizador en un espacio cerrado puede causar que el producto explote y provocar lesiones a las personas o daños a la propiedad.*** No lo use en habitaciones cuyo tamaño sea de 5 pies x 5 pies o menor. En cambio, permita que la niebla entre desde otras habitaciones. ***Apague TODAS las fuentes de ignición como llamas piloto (cierre las válvulas del gas), otras fuentes de fuego y aparatos eléctricos en funcionamiento que tengan ciclo de encendido y apagado (como por ejemplo, refrigeradores, termostatos, etc.).*** Llame a su empresa de servicio de gas o compañía administradora si necesita ayuda con las llamas piloto.



ANTES DE APLICAR LA NIEBLA:

En el hogar, no lo aplique cuando haya alimentos cerca. Los alimentos expuestos se deben cubrir o retirar. Todas las superficies y utensilios de preparación de alimentos se deben cubrir durante el tratamiento o se deben lavar muy bien antes de usar.

Cierre las puertas y ventanas exteriores. Apague los ventiladores y aparatos de aire acondicionado y el equipo de ventilación. Apague todas las fuentes de fuego, llamas piloto y fuentes de ignición. Llame a su empresa de servicio de gas o compañía administradora si necesita ayuda.

Retire las mascotas y las aves y cubra y apague las peceras antes de activar el nebulizador.

Coloque una silla, una mesa pequeña o plataforma en el centro de la habitación que se va a tratar y cúbrela con papel de periódico.

Cubra los pisos de madera y los muebles de madera que se encuentren en la zona cercana al nebulizador con papel de periódico o una tela protectora. Abra los gabinetes, alacenas, gavetas, clósets y puertas en la zona que se va a tratar.

Use solo una lata de nebulizador para tratar una habitación de hasta 16 pies x 16 pies con techo de 8 pies de altura, o 2,000 pies cúbicos de espacio abierto.

Para obtener mejores resultados, trate todas las zonas infestadas.

Complete y coloque la etiqueta colgante en la puerta de la zona tratada para avisar a la familia y a otras personas con acceso a la zona tratada que no entren durante dos horas.

AGITE BIEN ANTES DE USAR. SOSTENGA EL ENVASE EN POSICIÓN VERTICAL.

PARA COMENZAR A APLICAR LA NIEBLA:

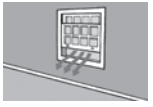
Dirija el nebulizador lejos de la cara y los ojos cuando lo active (el rocío sale hacia arriba). Para asegurar la válvula en la posición de liberación automática, presione con firmeza el botón de la válvula hasta que caiga en su lugar. Luego, coloque el nebulizador en la plataforma o mesa en el centro de la habitación.

Salga inmediatamente de la casa, apartamento u otra estructura tratada. No permanezca en la zona durante el tratamiento. Mantenga la zona tratada cerrada por dos horas.

NO VUELVA A ENTRAR POR UN PERÍODO DE DOS HORAS.

VENTILACIÓN:

Espere dos horas después de la aplicación y abra las ventanas, los respiraderos y las puertas por dos horas más. Si se detecta algún olor, se requiere ventilación adicional.



Para un control más eficaz de los insectos nocivos de almacenamiento y las cucarachas, abra todas las puertas y cajones de las alacenas para que penetre mejor la niebla. Retire todos los alimentos infestados y tírelos a la basura en el exterior.
Para el control de pulgas y garrapatas, limpie completamente con la aspiradora todas las alfombras y muebles tapizados, a lo largo de los bordes inferiores, debajo de los muebles y dentro de los clósets. Coloque la bolsa de la aspiradora en una bolsa de basura y tírela en la basura en el exterior. Limpie con un trapeador todas las superficies de suelo firme.

HOT SHOT®

Nebulizador para chinches de cama y pulgas

Mata insectos:

- *Chinches de cama*
- *Escarabajos*
- *Insectos del arce*
- *Cucarachas*

ALMACENAMIENTO Y ELIMINACIÓN

No contamine el agua ni los alimentos para personas y animales por medio del almacenamiento o la eliminación.

Almacenamiento del pesticida: Guárdelo en un lugar fresco y seco. Siempre guarde los pesticidas en su envase original. Guárdelo lejos de alimentos para personas y mascotas.

Eliminación del pesticida y manipulación del envase: ¡No lo perfore ni incinere! Envase no rellenable. No vuelva a usar o rellenar este envase. **Si está vacío:** Tírelo en la basura u ofrézcalo para reciclar, si existe esa opción. **Si está parcialmente vacío:** Llame a su servicio de eliminación de desechos más cercano para obtener instrucciones de eliminación.

DECLARACIONES PREVENTIVAS

RIESGOS PARA LOS SERES HUMANOS Y LOS ANIMALES DOMÉSTICOS

PRECAUCIÓN. Nocivo si se absorbe por la piel. Respirar la niebla del rocío puede ser nocivo. Evite el contacto con la piel, los ojos y la ropa. Lávese muy bien con agua y jabón después de manipularlo y antes de comer, beber, masticar chicle, usar tabaco o usar el baño. Quítese la ropa contaminada y lávela antes de volverla a usar.

PRIMEROS AUXILIOS

SI ENTRA EN CONTACTO CON LA PIEL O LA ROPA:	• Quítese la ropa contaminada. • Lave inmediatamente la piel con abundante agua durante 15 a 20 minutos. • Llame a un centro de control de envenenamientos o a un médico para recibir instrucciones de tratamiento.

Cuando llame a un centro de control de envenenamientos o a un médico, o intente obtener tratamiento, tenga a la mano el envase o la etiqueta del producto. Para obtener información sobre urgencias médicas o sobre accidentes con pesticidas, llame al 1-800-917-5431.

NOTA PARA EL MÉDICO: Contiene destilados de petróleo — el vómito puede causar neumonía por aspiración.

RIESGOS FÍSICOS O QUÍMICOS

Contenido bajo presión. No lo use ni guarde cerca de una fuente de calor ni del fuego. No perfore ni incinere el envase. La exposición a temperaturas superiores a 130°F puede causar explosiones. Este producto contiene un ingrediente muy inflamable. Puede provocar un incendio o una explosión si no se usa adecuadamente. Siga cuidadosamente las instrucciones que se indican en esta caja en "Modo de empleo".

Highly Flammable Ingredient

Ingrediente Altamente Inflamable
